Honorable Robert F. Bennett  
United States Senate  
Washington, D.C. 20510

Dear Senator Bennett:

This is in reply to your letter of March 3, 1993, in which you inquired on behalf of several of your constituents regarding the Notice of Proposed Rule Making (Notice) in PR Docket No. 92-235, 57 FR 54034 (1992). This Notice proposes comprehensive changes to the Commission's Rules governing the private land mobile radio services operating in the frequency bands below 512 MHz.

Your constituents are specifically concerned about the impact of these changes

Dear Chairman Sikes:

I am writing regarding PR Docket No. 92-235. I have received numerous letters from my constituents expressing their concerns over the possibility of policies being changed that would effect radio controlled model planes, cars, and boats.

It has been brought to my attention that these model vehicles run on certain radio frequencies which will be changed to add room for more commercial channels. This has created a uneasiness by the many hobbyists over cost and safety of the proposed change. I would encourage the FCC to look at all the possible remedies of the situation to ensure that all parties involved will be satisfied.

I appreciate your consideration on this important matter.

Sincerely,

  
Robert F. Bennett  
U.S. Senator
